

LAPTOP POLICY

To support your work at Lyzr, the company will reimburse the cost of a standard company laptop for eligible U.S. employees, in accordance with the policy outlined below. Any applicable sales taxes on the approved laptop purchase will be borne by Lyzr Inc.

1. Approved Models & Cost Limits

Employees must purchase laptops only from the **approved models** listed below:

Employee Category	Approved Spec	Screen Size	Unified Memory	Storage	Budget Cap (USD)
Non-Tech (Sales, Ops, etc.)	MacBook Air M4 (10-core CPU, 8-core GPU)	13"	16 GB	256 GB	\$1000
Tech (Engineering)	MacBook Air M4 (10-core CPU, 10-core GPU)	13" or 15"	24 GB	512 GB	\$1,400
Senior Leadership (VP, Director, CXO)	MacBook Air M4 (10-core CPU, 10-core GPU)	15"	16–24 GB	512 GB	\$1,200

The total purchase price (excluding applicable taxes) must be within the approved cost limits. Any amount exceeding the approved cap will not be reimbursed.

AppleCare Coverage: AppleCare may be purchased separately by employees for their company-issued MacBooks and will be reimbursed by the company upon submission of a valid invoice, for a maximum coverage period of three (3) years from the date of issue.

2. Purchase & Reimbursement Process

- Employees should purchase the laptop directly.
- The invoice must be issued in the employee's name.
- The receipt must be submitted through the reimbursement process for payment.
- Reimbursement will be processed after verification of the invoice and confirmation that the purchase complies with the approved cost limits.

3. Ownership & Return of Equipment

Although the laptop is purchased by the employee, it remains the property of Lyzr Inc.

The laptop must be returned to the company at the time of exit, regardless of the reason for separation.

Failure to return the laptop may result in recovery of the asset value from final payments.

All laptops purchased under this policy remain the property of Lyzr Inc and are governed by the Employee Handbook. The asset is depreciated over a 3-year (36-month) period. Upon resignation or exit, the employee may either return the laptop or choose to buy it at the depreciated value. For example, if the laptop has been used for 6 months, the buyback amount will be calculated as $6/36$ of the original asset value. If the employee does not wish to purchase it, the laptop must be returned to the company in good working condition.

4. Usage & Care

The laptop is provided strictly for official business use and must be maintained in good working condition. Employees are responsible for the safe handling and care of the device.

If you have any questions about the process or approved models, please reach out to the **People Team**.
